

Offer

Price: Starting from £499 (Price may vary depending on project requirements)

Package Includes:

Web Design:

- Customized visual design tailored to your brand identity and target audience.
- Responsive design ensuring your website looks great and functions flawlessly on all devices.
- User-friendly navigation and intuitive layout to enhance user experience.

Web Development:

- Development of a fully functional website with dynamic features and interactive elements.
- This includes tasks such as writing HTML, CSS, JavaScript, server-side scripting (PHP), and database integration (MySQL).

Web Domain:

- Registration of a domain name that reflects your brand and aligns with your business goals.
- Assistance in selecting an appropriate domain name if needed, ensuring availability and relevance.

Web Hosting:

- Secure server environment to always ensure the safety and accessibility of your website.
- Reliable web hosting services with ample storage, bandwidth, and uptime guarantee.

SSL (Secure Sockets Layer):

- Installation and configuration of SSL certificate to encrypt data transmission and enhance website security.
- Boosting user trust and confidence by displaying the padlock icon and "https://" in the website URL.

One-Page Website Option:

- For clients who prefer a single-page website, we offer a streamlined solution that conveys all essential information on a single, easy-to-navigate page.
- Ideal for showcasing portfolios, event promotions, product launches, or concise business profiles.
- Includes sections such as About Us, Services, Portfolio, Testimonials.

Additional Services (Optional, Available at Extra Cost):

- Additional Pages:
 - £60 per additional page beyond the initial one-page website layout.
- Search engine optimization (SEO) to improve website visibility and rankings.
- Ongoing maintenance and support for website updates and enhancements.

Commitment to client satisfaction, with ongoing support and assistance throughout the project lifecycle.
